DAMODAR VALLEY CORPORATION

NOTIFICATION

The 12th August 1959

No. 13—In exercise of the powers conferred by Section 60 of the Damodar Valley Corporation Act, 1948 (XIV of 1948), the Corporation hereby makes, with the previous sanction of the Central Government, the following amendment to the Damodar Valley Corporation Service Regulations, namely:

In the said Regulations, for Regulation 25, the following Regulation shall be substituted, namely:—

"Regulation 25—(1) The initial pay of an employee other than those mentioned in clause (2) will ordinarily be fixed at the minimum of the time scale of the post in which he is employed. The fixation of pay in excess of the minimum of the time scale and the grant of premature increments will require the sanction of the Corporation.

(2) The pay of pensioners including those pensioned off or retired on contributory provident fund from service of the Central Government, State Governments, Local Bodies, Port Trusts etc., administered by Government, Railways, Defence estimates, etc., re-employed in the Corporation shall be regulated in the following manner:—

(a) The initial pay, on re-employment, will be fixed at the minimum stage of the scale of pay prescribed for the post in which an individual is re-employed. In cases where the Corporation feels that the fixation of initial pay at the minimum of the prescribed pay scale is likely to cause undue hardship, the Corporation may fix the pay at a higher scale by allowing one increment for each year of service which the individual has rendered before retirement in a post not lower than that in which he is re-employed.

(b) In addition to the pay fixed under (a) above, the pensioner may be permitted to draw separately any pension sanctioned to him and to retain any other form of retirement benefit for which he is eligible e.g. Government's contribution to provident fund, gratuity, commuted value of pension etc., provided that the total amount of initial pay plus the gross amount of pension and/or pensionary equivalent of other forms of retirement benefits, does not exceed the pay drawn before retirement (pre-retirement pay) or Rs. 3,000, whichever is less.

NOTE 1—In all cases where either of this limit is exceeded, the pension and other retirement benefits may be drawn by the employee in full but necessary adjustments will be made in the pay so as to ensure that the total of pay and pensionary benefits does not exceed the prescribed limits.

Where, after the initial pay has been fixed at the minimum or at any higher stage under (a) above, it is reduced below the minimum as a result of the said adjustments, increase in pay may be allowed after each year of service at the rates of increments admissible as if the pay had been fixed at the minimum or the higher stage as the case may be.

NOTE 2—The pay last drawn before retirement will be taken to be substantive pay plus special pay, if any; pay drawn in officiating appointment may be taken into account if the individual had at least officiated in that appointment for one year before retirement.

(c) In the case of posts for which the Corporation is satisfied that personnel with the requisite qualifications and experience are not available and it is found necessary to recruit an officer for service at a place situated at a considerable distance from his home town, the restriction that initial pay on re-employment plus pension shall not exceed the last pay drawn, may be relaxed by the Corporation to the extent indicated below:

(i) Initial pay on re-employment plus gross pension/pension equivalent of other retirement benefits shall not exceed the pay last drawn before retirement by more than Rs. 250;

(ii) The total of initial pay on re-employment as fixed under para (b) above plus gross pension/pension equivalent of other retirement benefits shall not exceed Rs. 1,000;

(iii) The above concession shall be admissible only where the employee has retired on a super-annuation pension.

(d) In a case where the minimum pay of a post in which an employee is re-employed is more than the last pay drawn, the employee may be allowed the minimum of the prescribed scale of the post less pension and pensionary equivalent of other retirement benefits.

(e) Once the initial pay of a re-employed pensioner has been fixed in the manner indicated above, he will be allowed to draw normal increments in the time-scale of the post to which he is appointed, provided that the pay and gross pension/pension equivalent of other retirement benefits taken together do not at any time exceed Rs. 3,000 per month."

NOTE—This amendment shall come into force with effect from the 12th August 1959. All past cases which have been decided otherwise than in accordance with the revised Regulation will not be reopened. In respect of employees already re-employed, this Regulation will apply from the date of commencement of the further period of re-employment if the existing period of re-employment is extended.

By order,

U. K. GHOSHAL

General Manager and Secretary
